- A Physical Exam Form is required by NYS for all new entrants to the school district as well as students entering Pre-K or Kindergarten, First, Third and Fifth Grade.

  Please note: The child’s physical must be done within 12 months from the start of school in order to be accepted, (September 4, 2018-September 4, 2019). A computerized physical form from your health care provider is acceptable.

- If the student has received a vaccine since his / her last physical, please provide an updated immunization record.

- A Medication Administration Consent form is required for all students that will be taking medication during the school year. Please remember it is the parent(s) or guardian(s) responsibility to bring the medication to the health office in a properly labeled container. DO NOT send medication to school with your child.
